## What is Parent “Time Out”?

First we meet, then we eat!

During the meal the Great Start Parent Liaison and Parents/Caregivers (You) talk about future plans for the Sanilac County Parent Coalition (basically be the parent voice in Sanilac County). This part is mostly about making decisions for the benefit of our children and community. Let us hear your ideas on how we can work together!

Next we gather into small groups to have conversations about parenting. We share ideas, learn from each other and offer support in a safe and confidential atmosphere. No judgements or pressure here! Come and experience it for yourself.

Don't have a babysitter? No worries. We have you covered with our on site, highly qualified childcare staff. No charge!

\*Please register for this event. (810)404-4739

## As a Parent, why should I attend a Great Start Collaborative Meeting?

As a Parent, your ideas and opinions are necessary to help us move forward toward a great future for our kiddos. There is no better place to reach out to those that work hard and are passionate about this work. Not only do you have the opportunity to be heard, but you are a vital part of a team working toward a common goal. In addition you can build relationships and make connections with services that are available in our community.

Bring your children to our FREE onsite childcare. Also receive a \$20 check for attending and mileage reimbursement.

\*No need to register.

## What is Family Playgroup?

Family Playgroup is intended as a time for parents/caretakers and their children to interact with each other in a group setting. All ages are welcome. We have story time, craft time, snack time, free play and parent education materials. It is a chance for you and your children to meet new people, learn new and fun things to do at home, and build relationships with other parents/caregivers and Great Start Staff.

\*Please register for this event. (810)404-4739

**These materials were developed under a grant awarded by the Michigan Department of Education**
